### Notes:

\* Leather has natural flaws, average waste is 35%. Hides run approximately 50 x 55 sq ft. Call prior to order to match available sizes.

\*\* Jekyll & Hyde and Antique are designed to simulate a natural leather that features shade variation and "beauty marks" formed from wrinkles, stretch marks and usage. The effects that will occur with this faux leather product are purposefully intended to mimic those of real leather and are not defects in the product.

Pattern and Color availability should be verified with the textile company. Mayer may discontinue patterns or colors at any time. Fabric grades are subject to change at any time without notice.
